

hi, my name is

CINDY JUAREZ

I am a front-end engineer in Dallas, Texas.

www.sceendy.com

I build pleasurable web experiences in the form of modern web applications that utilize JavaScript and Sass efficiently.

EXPERIENCE

Front-end Developer @ Kalkomey

October '15 - Now

Part of agile team that builds internal tools such as the content/learning management system for our online safety courses.

Front-end Engineer II @ Join'em

April '14 - July '15

First front-end engineer at company. Took a concept and built a mobile-first/RESTful API driven single page Angular app. Helped company secure over \$10M in funding from investors including Priceline and Facebook executives.

Front-end Developer @ Apollo Interactive

August '13 - April '14

Developed landing pages, responsive email templates, client websites, and maintained front-end code for existing clients.

Clients: Einstein Bros, Visionworks, Wingstop, Curves, Extraco Banks

Web Developer @ Online Performance Marketing

March '13 - August '13

Created custom mobile-first WordPress themes for new clients from high-fidelity prototype to final launched website. Maintained existing client websites and refactored to improve performance.

Web Developer & Designer @ UTD Recreational Sports

November '11 - May '13

Designed digital/print media for the department including large posters, postcards, web banners, t-shirts, brochures, and booklets along with launching and maintaining the redesigned website.
